

## **Important Notice: Beware of attempts at deception by third parties!**

We have received reports that third parties are currently attempting to contact individuals by referring to our company – also under its former name, Northwest Competence (NWC). In some cases, the impression is given that the request or demand is connected to EMS Crewing.

We would therefore like to expressly point out that we never request payments. If you receive payment requests that are allegedly made on behalf of our company, you can assume that these do not originate from us.

Please be particularly cautious with such requests.

- Do not make any payments to account details that are unknown to you.
- Do not disclose any personal or business data (e.g., copies of ID cards, bank details, access data).
- Do not sign any contracts or offers that do not clearly originate from us.

You can find our contact form and our official contact details on our website. If in doubt, please contact us directly in advance via the communication channels provided there.

If you receive any such offers, invoices, emails, or phone calls, please send us a brief message to **[info@ems-crewing.com](mailto:info@ems-crewing.com)**.
